SHERMAN WILL MAKE ADDRESS

In Greensboro During The Campaign.

His Itinerary Has Not Been Arranged, But It Is Known That He Will Speak In Greensboro—To Fix His Own Date—Quite Likely That State Chairman Morehead Will Secure Services of Other Well Known Republicans.

It is a settled fact that Vice President James S. Sherman will make an address in Greensboro during the campaign this fall. This much was learned at Republican State headquarters yesterday afternoon, but the date of the speaking has not been arranged. It is also quite probable that State Chairman Morehead will secure the services of other Republicans of National repute to assist in the campaign speechmaking in North Carolina.

Chairman Morehead was at his home in Spray yesterday, but will return to the city today. His private secretary, Mr. Gilliam Grissoms, was in his office yesterday afternoon and was asked whether or not Mr. Sherman would come to Greensboro and make an address while on his trip to North Carolina. Mr. Grissom stated that Greensboro would be included in the itinerary of Mr. Sherman, but the vice president would fix his date. He stated that it had been suggested that Mr. Sherman speak in Raleigh Greensboro, Salisbury and Charlotte and possibly Asheville. Since this suggestion was made nothing has been heard from Mr. Sherman, but it is quite probable that he will adopt *the suggestion.* It is thought that he *will visit* the state shortly before the close of the campaign.

When asked whether Chairman Morehead would secure the services of other Republicans of National repute during the campaign Mr. Grissom smiled and said that it depended. "If the people of the State want to hear the roar of fourteen inch guns then we are here to see that they have the opportunity of hearing them," said Mr. Grissom. While he would not say so he intimated pretty strongly that it was quite probable that citizens of the state would be given an opportunity of hearing other Republicans of national prominence. When Mr. Grissom was asked if an effort would not be made to have Mr. Roosevelt make two or more addresses in the State he replied that no such effort had been made. but he intimated that it was probable that the ex-president would come here.

The campaign begins Monday with the meeting of the State executive committee, at which time the plans for the campaign will be mapped out. The meeting will be held during the afternoon in Chairman Morehead's rooms in the Benbow building. There is a member from each of the Congressional districts and ten from the state at large. The latter are to be named by the chairman and the names have not yet been made public. They will be given out after the meeting Monday afternoon, according to Mr. Grissom. The principal business before the committee will be the formulation of plans for the campaign.

The Congressional Executive Committee will also meet at headquarters tomorrow afternoon for the purpose of organizing and planning for the campaign. Mr. D. H. Blair, the nominee, has not yet announced his manager, but will likely do so tomorrow. He will also decide whether he will accept Mr. Cooke's invitation for a joint debate with Maj. C. M. Stedman. the Democratic nominee.

Some Interesting News From Former Canadian Visitors.

Friends in the city will be interested in the following announcement just received here:

"August thirty, 1910, a son born to Mr. and Mrs. Harold Ryan, weight nine pounds, Newburgh, grandson of the late Rev. Anthony Joseph Stewart O'Loughlin, Rector of North Gower, Ontario, Canada."

Mr. and Mrs. Ryan were married in St. Barnabas' church in this city in December, 1908, Mrs. Ryan having been Miss Beaman. Her mother, Mrs. R. E. Beaman, and sister, Miss Maude Beaman, spent the winter of 1908-1909 here. She came on to visit them for the holidays and was later joined by Mr. Ryan, their marriage taking place as already stated.

CITY SCHOOLS OPEN MONDAY

Expected That Every Available Seat Will Be Occupied On First Day.

The Greensboro public schools will open Monday, Sept. 5, and the outlook is that every available seat will be taken on the opening day. Supt. Mann states that there have been three hundred new registrations and practically all of the old pupils will return this year. Every available seat has been arranged in order to accommodate the students.

The Lee street building will be ready for occupancy by next week and a number of students from the Asheboro street and Normal schools will be placed here. The building will accommodate 150 pupils and it is believed this will relieve the congestion in the two schools. Until the building is completed it is more than likely that afternoon grades will have to be maintained, but Supt. Mann says he will make every effort to avoid this.

The Lee street building will in no way relieve the congestion in the Lindsay street building and the storehouse will have to again be used. If this does not accommodate the overflow then afternoon grades will have to be maintained in this school.

The contract has been let for four additional rooms at the Asheboro street school, and it is hoped that the contract for the Spring street building will be let soon.

Monday the students will assemble in the several buildings at 9 and after registration and payment of book fees the children will be assigned to their seats. They will then be dismissed for the day in order to give the teachers time to place the books. When the pupils return Tuesday morning each pupil will find his or her books inhis or her desk.

Former Superintendent Swift will assist Supt. Mann in getting the school machinery in smooth running order.

AN APPEAL FROM HEALTH OFFICER J. M. SIMPSON.

He Urges the People To Help Him Keep the City Clean.

Health Officer Simpson appeals to the citizens of Greensboro for their co-operation in helping him keep the city clean. The board of health has added one other garbage wagons to the street cleaning force, and Mr. Simpson says he thinks they will be able to answer all calls promptly and remove trash and garbage for the small sum of five cents per can, the can not to exceed 18x30 inches in size. Mr. Simpson says there is no reason why Greensboro cannot be kept as clean as any city in the United States. Cleanliness is not alone next to godliness but it is the mother of good health. The city cannot be kept clean without the cooperation of every citizen. Two or three hundred untidy persons can undo all the splendid work of the other thousands. "I hope the time is not far distant," says Mr. Simpson, "when every person in Greensboro will be glad to keep his vacant lots, private alleys and back yards clean. Without filth and flies the germs of disease will find no lodging place.

"If all the residents will keep their slops in metal receptacles with metal covers it will help wonderfully in exterminating the common house fly which it is said scatters more disease than any other one thing we have to contend with. If the people will do this I am sure the percentage of disease would be lowered materially."

BEATEN TO DEATH.

J. R. Whitehead, of North Carolina, Killed in Columbus, Ohio.

Chief of Police Neelley has received a letter from a woman in Columbus, O., stating that a man named J. R. Whitehead was beaten by a band of ruffians on August 25 and died from his injuries Wednesday morning. The letter stated that Whitehead was a son of Morton Newton Whitehead and that he lived near Greensboro. The chief was requested to try to locate the parents of the deceased and acquaint them with the news of the tragedy and tell them to come to Columbus at once. The writer of the letter was the fiance of the deceased.

Anyone knowing the address of the above parties are asked to notify Chief Neelley.

SPECIAL MEETING OF THE FARMERS

Held at The Normal College Yesterday.

Address by Dr. Templeton, of Cary—Short Talk by Dr. Foust—Large Number of Representative Farmers In Attendance—Picnic and Watermelon Feast In Afternoon—Dr. Alexander Unable to Be Present.

A large number of the most representative farmers of the county gathered in the main auditorium of the State Normal College yesterday morning for the purpose of hearing an address by Dr. H. Q. Alexander, of Charlotte, and to enjoy an oldfashioned picnic. The rainy weather prevented hundreds from attending and it is believed that had the weather been fair from 1,000 to 1,500 farmers would have been present.

A message was received from Dr. Alexander to the effect that he was unable to be present on account of sickness. However, it was announced that Dr. Templeton, of Cary, vice president of the State Farmers' Union, would make an address. Dr. J. I. Foust made a short talk, pending the arrival of Dr. Templeton, who came in at noon. He emphasized the importance of the boys on the farm receiving an agricultural education. The need of an agricultural high school in the county was also brought out in a convincing manner. The farmers heard Dr. Foust with interest and they seemed in hearty sympathy with his views.

Dr. Templeton's address was on the objects and aims of the Farmers' Union and he was given close attention during the entire address. He pointed out the fact that the union was for the purpose of the members aiding each other and that education was the most essential thing about the union. The farmer has to be educated to the point where he will see the advantage of adopting better methods of farming and work in a way that will enable him to reap the greatest benefit.

Following the address the farmers repaired to Peabody Park where the picnic dinner was spread, this being followed by a watermelon feast. In the afternoon a number of the farmers took advantage of the occasion to go over the college buildings and the farm.

The next meeting of the county union will be held in the court house on the second Saturday in October.

WORK AT A. & M. COLLEGE BEGINS TUESDAY.

The regular clas work of the fall term of the A. & M. College begins Tuesday morning at 8:30 o'clock. President Dudley reports the attendance during the examinations of last week to be unusually large and the prospects for a good attendance this year are very bright. Students are coming in very rapidly for the time of the year. It has been found to be a serious disadvantage for students who come in late to keep up with their classes, hence all students are advised to get in as early as possible that it may be easier for them to continue their relations to their regular classes. All students are urged to begin promptly Tuesday morning at 8:30.

Sunday School Picnic.

The Oakdale Sunday school, of Jamestown, picnicked at Lindley Park yesterday. The merry party came here in private conveyances and spent a most enjoyable day at the park. In the afternoon a car was chartered and the children taken over the city.

Frazier Sells Another Grand Piano.

Mr. Frazier, manager of the Cable Piano Company, has delivered to Mrs. Janie Foushee a very handsome Mason & Hamlin grand to be used in her studio in the Southern Life and Trust building. The piano that Mrs. Foushee has decided on is certainly evidence of her discriminating taste as an artist and should have the effect of recommending her favorably to all who know the best in musical instruments. 1t

AMENDMENT TO THE ROAD LAW

Proposed by Democratic Candidates.

Would Limit Work to Two Days For Each Citizen Instead of Six As At Present—Resolution Passed by Advisory Board of Democratic Executive Committee To This Effect—Plans For Campaign.

At a joint meeting of the Democratic county and central committees and the candidates for legislative and county officers held in the court house yesterday, it was unanimously decided that the Democratic candidates for the legislature will, if elected, have the present road law amended so that those liable to road duty in the county shall not be required to do or pay for more than two days' work on the roads in each year, and that no man over forty-five years of age shall be liable for road duty. The present law provides that the township supervisors may require a maximum of six days' work in each year, or the payment of seventy five cents in lieu thereof for each day a person is warned in to work; and the age limit is now fifty years.

Following is a copy of the resolution, which was offered by Mr. Charles A. Hines, and unanimously adopted:

"Resolved, by the members of the Democratic executive and central committees and the Democratic candidates for legislative and county offices, assembled together:

"First: That we favor the amendment of the present road law of Guilford county so as to provide that no man in the county liable for service upon the roads be required to work on the roads of the county more than two days in any year; and that in lieu thereof he may pay to the township supervisor the sum of seventy five cents for each day he is warned in, same not to exceed $1.50 a year.

"Second: That said law be further amended so as to provide that only male persons between the ages of 21 and 45 years shall be liable for road duty.

"Third: "That the Democratic candidates for the Senate and House of Representatives hereby pledge themselves to use every effort in their power to have said law amended as above provided."

This means that Section 10 of the road law will be amended to read as follows: (The words in parenthesis are the words in the law at present):

"Sec. 10. All able-bodied male persons able to perform or cause to be performed the labor herein required, residing in the county and between the ages of twenty-one and forty-five (fifty) years, except persons disabled or in the military service of this state, and all persons actually engaged in the ministry of the gospel, shall be liable annually to do and perform two (six) days labor on the public roads of said county, under the direction of the superintendent in whose township in which he shall reside: Provided, that if any such person shall pay to the superintendent in whose township he may reside the sum of seventy-five cents for each day he shall be required to work, the same shall be received in lieu of said work and shall be applied by the superintendent receiving the same to the improvement of the roads in his township."

Mr. J. Al Rankin, candidate for county commissioner, reported that in his section of Gilmer township some of the people had been warned in to work the road as much as four days and this was unnecessary. Mr. T. R. Dillard, candidate for the House, said the people of Center Grover township had done only one day's work each and that they had the best roads they have ever had. It was stated that only in a few townships had the people been asked to work more than one day, and none but one more than two days. Nearly everyone from the country said that the law had upon trial proved to be the best road law the county has ever had, and the objections that were once raised to it have passed away.

Under the proposed amendment the law will be subject to no abuses and no man can be required to work more than two days, and in some townships the citizens will not be warned in for more than one day, so that it cannot cost more than $1.50 for each individual, and probably only seventy-five cents.

The only other matter discussed at the meeting yesterday was the plan of campaign. It was decided that the candidates or some of them would make speeches in every township in the county, but the times and places for speakings were left with the central committee.

County Chairman Sherrill reported that he had sent a challenge to the Republican candidates, through the Republican county chairman and the request for a joint canvass was declined. It is said that the Republicans of Jamestown township passed a resolution asking for a joint canvass, but their request was ignored by the county committee and candidates of the Republicans.

The meeting yesterday, which was well attended, was presided over by Mr. A. Wayland Cooke, chairman of the Congressional district committee and Major Stedman's manager. Those who took part in the discussions were Mr. Cooke, Chairman E. G. Sherrill, former Chairman C. A. Hines, former Chairman R. R. King, County Commissioner W. G. Bradshaw, Col. F. P. Hobgood, candidate for Senator; T. R. Dillard, candidate for the House; W. C. Boren and J. Al Rankin, candidates for commissioners, Robert Brockett and others.

THE LYCEUM

A Statement As To Its Educational and Inspirational Value.

"The time will come at no distant day when every community which has a proper regard for the aesthetic, inspirational and educational preservation and development of its life, will maintain a first class lyceum. I find that many people have erroneous notions about the lyceum. They confuse the lyceum with shows and operas, when their work is altogether different. A show seeks to amuse, and has no inspirational nor educational value, excepting, of course, the master plays. The lyceum is primarily inspirational and educational, secondarily entertaining. It is university and conservatory extension work brought to the doors of the people, with the addition of native humor and wholesome entertainment, and is rapidly becoming a great factor in the lives of the people. It guarantees to the public the best, as to the merits of the attraction and character of its people. It presents such people as Jacob Riis, Dr. Thos. E. Green, Hon. Geo. R. Wendling, Frank Dixon, W. J. Bryan, Champ Clark, Bob Taylor, Edward Ott, Russell Conwell, Ralph Bingham, Southwick, Leland Powers and Edwin Weeks. Musicians like Homer, Jomelli, Gamble, Cambriians, Hinshaws, Whitneys, Rounds Dunboro, Shuberts and many others. These people are seeking to inspire, uplift and make better, with the varied gifts given them, their fellows, and it is because of this spirit that the lyceum is so rapidly growing."

Such is the statement of Mr. Bryan of the Alkahest Lyceum system, who is in Greensboro assisting the local people in placing the Greensboro Lyceum course and those interested will be glad to know that the tickets are being rapidly taken. The price of a season ticket is only $2.00, and only a little more than 200 of the total number remain to be sold. If interested see or phone Revs. McLarty or Clark, or Prof. W. C. Jackson.

ONLY CITY IN STATE TO SECURE MARINE BAND.

Greensboro is the only city in North Carolina which has succeeded in securing the United States Marine Band and Richmond, Va., is the only other southern city thus favored this season. Greensboro citizens can show their appreciation of the efforts of those who have given their time and money in giving Greensboro the largest building in the south, by going to hear this band which is the finest in the United States. To hear "Dixie" rendered by this organization is alone worth the price of admission. Seats will be arranged in front of the stage, which will be reserved and sold for 75 cents. The boxes will have the chair seats and will be reserved and sold at $1.00. General admission will be 50 cents. At these prices for such a noted attraction the auditorium should be filled.

WOMAN'S CLUB IS REORGANIZED

Many New Members Added to Roll.

And There Are Many Evidences of Growing Interest In Work of Organization—Club Meets First Saturday In Each Month—Child Study Department Recommended—Down To Work.

Despite the threatening weather there was a good attendance at the reorganization of the Woman's Club yesterday, and many evidences of growing interest in the work of the organization.

The first and most important business before the club was the election of new members as follow:

Mrs. J. L. King, Mrs. W. E. Allen, Miss Myrtle Ham, Miss Sadie Dick, Mrs. C. I. Carlson, Mrs. R. G. White, Mrs. Fred Sparger, Mrs. H. D. Andrews, Mrs. C. C. Dildine, Mrs. Edwin Nowell, Miss Kate Foushee, Mrs. M. W. Stern, Mrs. J. H. Boyles, Mrs. Janie Foushee, Mrs. M. W. Thompson, Mrs. J. P. Scott, Mrs. J. C. Montgomery, Miss May Norris Richardson, Miss Lake Brown, Mrs. L. H. Martin, Mrs. Whit Stone, Miss Minnie Fields, Mrs. Charles Forbis, Mrs. Jess Mebane, Mrs. Waldo Porter, Mrs. Charles B. Kendall, Mrs. Ralph Dees, Mrs. W. T. Williams, Mrs. G. W. Currie, Mrs. W. Homer Fisher, Mrs. W. I. Underwood, Miss E. Elliott, Miss Ella Piper.

The first Saturday in each month having been decided upon as the day for the meeting of the general club, the choice of forenoon or afternoon was taken up and discussed at some length. Both sides had good and convincing argument, but a vote showed the majority in favor of meeting in the morning—from 10:30 to 11:30—these business sessions rarely occupying over an hour. While some of the mothers and housekeepers protested vigorously on account of the inconvenience of the hour, they were reminded that it would be impossible to suit every one and the experiences of three of the most prominent and prosperous clubs in the state—those of Raleigh, Charlotte and Wilmington—were cited to prove that the morning was more acceptable and satisfactory to the larger number of club members. As these meetings are only once a month, it is earnestly hoped that none will think of withdrawing in the face of such a small difficulty, but that every member can so arrange her home duties as to be able to spare one hour for her own recreation and the good of the organization. It is the opinion of those who voted for the morning hour that the opposers will be won over when once they have tried it, and since we live in a country of majority rule, all are asked to make the best of it and give the club their earnest support.

Besides routine business there were several interesting talks on the future work of the club, Miss Annie Meade Michaux making a strong and earnest plea for the physical welfare of the children in the public schools and recommending a child study department as an important feature of club work. Mrs. McIver followed with interesting facts and figures gathered during her work as president of the Betterment association, emphasizing the importance of looking after the deficient and neglected child.

The chairman of each department was instructed to call her department together during the coming week, in order that all may get to work as early as possible.

The Household Economics department will hold its first meeting next Thursday morning at 10:30 o'clock in the assembly room of the Carnegie library, and all who wish to join are asked to be on hand.

Will Extend Lines To Durham.

The Southern Power Company is arranging to extend its transmission lines from Greensboro to Durham. The rights of way across the property of Guilford citizens has been secured and in a short time the Bull City will be using current from the Catawba river.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

WHERE LIFE IS REAL.

In the School Room and Nursery Children Display Courage.

Agnes Repplier in the August Atlantic.

Life is a real thing in the school room and in the nursery, and children—left to their own devices—accept it with wonderful courage and sagacity. If we allow to their souls some noble and free expansion, they may be trusted to divert themselves from that fretful self-consciousness which the nurse calls naughtiness and the doctor nerves.

A little wholesome neglect, a little discipline, plenty of play, and a fair chance to be glad and sorry as the hours swing by—these things are not too much to grant to childhood. That careful coddling which deprives a child of all delicate and strong emotions lest it be saddened, or excited, or alarmed, leaves it dangerously soft of fibre. Coleridge, an unhappy little lad at school, was lifted out of his own troubles by an acquaintance with the heroic sorrows of the world.

There is no page of history, however, dark; there is no beautiful old tale, however tragic, which does not impart some strength and some distinction to the awakening mind. It is possible to overrate the superlative merits of insipidity as a mental and moral force in the development of youth.

GAMBLING ON THE MISSISSIPPI

It Is the Means of Getting Crews For Big Vessels.

Washington Post.

"Gambling among their employes is usually frowned upon by employers, but there is a notable exception to this rule." G. A. Trainer, of New Orleans, was saying to a companion in the lobby of the New Willard.

"If it were not for the gambling habit some of the big boats in the Mississippi river trade would be minus their crews at the end of a trip. The negro deckhand is an inveterate gambler. He will shoot craps for any amount of money he has. Some of the captains begin paying off when the boat is half day away from the last stop. As soon as the hands get their pay most of them begin to 'roll the bones.' Little groups will be formed, and pretty soon one man in each group has all the money. Then the big winners get together for a game with higher stakes. As a result of this process, by the time the boat reaches the wharf a few men have almost all the payroll. They don't want to work, but the others, who are 'cleaned out,' are obliged to. Consequently the boat has a crew for the return trip."

New Ideaites In Jersey Urge Him For Third Term.

New York Tribune.

The New Ideaites at a meeting in Jersey City last night adopted a resolution declaring for Theodore Roosevelt as the leader of the movement and as their choice for the next nomination for President. The resolution introduced by George L. Record, said that on Tuesday, at Osawatomie, Kan., Mr. Roosevelt "outlined the policy and the principle of the Progressive movement in America in a speech which will be in time as historic as as the battleground upon which it was delivered."

Mrs. Jacob Wilmert, Lincoln, Ill., found her way back to perfect health. She writes: "I suffered with kidney trouble and backache and my appetite was very poor at times. COST OF LIVING AND MARRIAGE.

Expense Attached to Matrimony Deterring Many From Taking Step.

Pittsburg Dispatch.

Without exageration, it can be stated that the most vital issue of the present time is the perpetuation of the American family.

Years ago Roosevelt discerned this when he issued his famous pronunciamento on "race suicide."

Since then the situation, instead of improving, has steadily grown worse. Of late years its gravity has been but half appreciated.

Once married, even the most flippant, pleasure loving beings, may be brought to a realization of their duties in the perpetuation of their species.

Only of late years has there grown up the gravest menace to mankind—the gradual decrease in the number of marriages.

Like the price of groceries or the cost of clothing, marriage has become a mere matter of money. It flourishes in prosperous times and declines with eras of panics or high prices.

Never has the danger been greater than at present. The 'silent panic" of 1907, was succeeded by such a rise in the cost of living as has not been known since the Civil War.

The result—such a decrease in marriages, judging from the past, as will never be made up in succeeding years, and such a consequent shortage in the birth rate as will probably cost America 1,000,000 future citizens. This is clearly indicated by census reports that show that the 1893 panic cost 259,813 weddings—at least 500,000 future citizens.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scale, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

BLOWING SOAP BUBBLES.

Childish Sport Beneficial to Those Having Weak Lungs, Says Experts.

Pittsburg Gazette-Times.

Bubble parties should be encouraged, say medical experts, who have found that there is nothing more beneficial to the lungs than the blowing of the soap globes that was our delight in kidhood days. The prolonged exhaling of the air of the lungs and the inhaling necessary to blow a big bubble exercises the lungs in exactly the way that is most advantageous. It is the all-important breathing exercise carried out in a way that relieves it of its irksomeness. It is recommended that a deep breath be taken and the soap bubble blown as large as possible without taking another breath. To those whose lungs are weak it is recommended that small soap bubbles be blown to begin with and the size gradually increased as the lungs derive benefit from the simple exercise. It may be said that the bubble blowing is unnecessary, because the exercise can be taken without this. The answer is that mere breathing exercise without apparent motive becomes so tiresome that no one cares to continue it systematically. The bubble blowing provides the amusement that makes the exercise a pleasure.

When Merit Wins.

When the medicine you take cures your disease, tones up your system and makes you feel better, stronger and more vigorous than before. That is what Foley's Kidney Pills do for you, in all cases of backache, headache, nervousness, loss of appetite, sleeplessness and general weakness that is caused by any disorder of the kidneys or bladder. Holton Drug Co.

Imaginary Pains.

Don't laugh at hysterical people with their imaginary pains, says a physician. A "delusion" is reality to the sufferer. When one believes one has a pain one has the pain. All pain is in the brain, and to believe one has it is to have it. It matters not a whit whether the message is sent by one's toe that some kind friend is treading on or whether it is sent from one part of the brain to another.—New York Tribune.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments

I am a woman.
I know woman's sufferings.
I have found the cure.

I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is safe and sure cure for Leucorrhoea or Whitish discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors, or Growths; also pains in head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney, and bladder troubles where caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that, it will cost you nothing to give the treatment a complete trial: and if you wish to continue, it will cost you only about 12 cents a week or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in young Ladies, Plumpness and health always results from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all woman's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write to-day, as you may not see this offer again. Address

Dispatch from Omaha says that the people of Omaha "gave Theodore Roosevelt a comparative rest." The people of Omaha have set a good example.

Senator Burkett, of Nebraska, introduced Mr. Roosevelt at Omaha as the greatest man in the world. He meant "the most thoroughly advertised man in the world."

New York's great cloak-makers' strike has been settled. It was, in the main, notable for its peacefulness. Strikers never gain anything by being other than peaceful in their methods.

One hundred and thirty one people have died as a result of Fourth of July accidents. Human life is still held too lightly in this country. Nevertheless the above mentioned showing is the best that has been made since 1903.

The fact that Ballinger didn't favor Prof. Holmes for chief of the Bureau of Mines was about the best thing that could have happened for Mr. Holmes, save, of course, his unexcelled qualifications for the place.

It is said that Gov. Charles E. Hughes, of New York, the latest appointee to a United States associate justiceship, will be designated chief justice. It would seem that some of the associate justices that have been on the supreme bench for many years would be more entitled to this great honor than a later appointee.

President Taft is considering the placing of assistant postmasters under the civil service. It would be a wise thing to do as the less "pie" there is directly involved in politics the better. Let the assistant postmasters, the same as the clerks, be subject to removal only for such causes as result in removals in private business life.

Dun's review is conservatively encouraging. It says, "The movement in most departments of trade and industry is indicative of increased confidence and wider activity as the fall season advances." This sounds good. We believe that business will be good this fall. We hope especially that the cotton mills in the Piedmont section can go back to a regular six-day schedule. When they do that, the return of normal conditions will be assured.

Mr. William Barnes, Jr., the most conspicuous of the New York State Republican reactionaries, seems to be a man of some ability. His statements, of which he has published several, have a certain strength and convincing quality about them. It is not altogether certain that the conservatives will lose control of the Republican party in New York State.

It is calculated that the American people spend ten million dollars a year for fly screens. That sounds large. But there are a hundred million people or, calculating five to the family, twenty million families. So each family is spending only fifty cents a year for fly screens. That isn't enough. An ounce of prevention is better than a pound of cure. It is vastly cheaper to buy screens than it is to pay physicians' fees and drug bills.

The President did well when he appointed Joseph Austin Holmes, of the Geological Survey, as director of the new Bureau of Mines. Mr. Holmes, or Prof. Holmes as he is so well known in this State, is the intimate personal friend of those well known progressives, Gifford Pinchot and James R. Garfield, and President Taft's decision to award him a post of great honor and no doubt substantial emolument will tend to scotch the progress of Theodore Roosevelt in his effort to round up in his reservation the whole progressive outfit. Prof. Holmes was for ten years professor of geology and natural history at the North Carolina State University and later was State geologist. He is well known and greatly admired all through the State.

Who'd want to be an editor in Cuba? In Havana this week a man started a weekly paper. His successor will get it out for him next week. In the first issue there appeared an article to which another Cuban took offence. The offended Cuban came in with a gun and in less time than it takes to pencil these words, there was a dead Cuban editor in the sanctum. The Cuban public is evidently not disposed to give an editor much leeway.

RINGLING'S CIRCUS AND THE STATE FAIR

Likely That Agreement Will Be Reached Regarding Date of Performance.

Raleigh, Sept. 3.—The North Carolina State fair management is advised by the Ringling Bros. circus that their representative is on his way here with a view to adjusting the differences between the fair and the circus about the appearance of the circus here on Thursday of State Fair week, a thing that the fair people are fighting strenuously. The fair people say it looks now like a satisfactory compromise will be reached. Most probably that the circus will agree to change its Raleigh and Durham dates so that it will be in Durham Thursday and in Raleigh Friday. Secretary Joseph E. Pogue says this will be a very satisfactory arrangement, but that the fair would even then be a very considerable loser through the coming of the circus.

Speaking of the outlook for the fair Secretary Pogue says the exhibits and general proportions of the fair will be far ahead of anything yet attained and that large numbers of the entries for exhibits already made are far ahead of anything heretofore secured.

The remains of Mrs. R. M. Furman arrived here on an early morning train from Washington, D. C., where she died. Thursday night, and the funeral was conducted from the Church of the Good Shepherd at 10 o'clock this morning. She resided here a number of years while her late husband, Hon. R. M. Furman, was state auditor, and later while he edited the Morning Post, he having been in the latter service when he died.

Gov. Kitchin today appointed the following delegates to attend the preliminary conference of the Southern Commerical Congress to be held in Atlanta, Ga., October 7, 1910: Gen. J. S. Carr, Durham; Jas. W. Cannon, Concord; J. A. Long, Roxboro; D. Y. Cooper, Henderson; W. A. Erwin, West Durham; Hon. Ashley Horne, Clayton; Col. A. B. Andrews, Raleigh; E. S. Askew, Windsor; A. E. Tate, High Point; Frank Borden, Goldsboro; W. H. Osborn, Greensboro; E. J. Parrish, Durham; Col. A. H. Boyden, Salisbury; Col. H. C. Dockery, Rockingham; S. B. Tanner, Henrietta.

A charter was issued today to the Rosenbloom & Levy Co., Tarboro, capital $15,000 for mercantile business by Solomon Rosenbloom and others.

The oldest negro teacher in Raleigh, Kittie Richardson, died suddenly last night aged about seventy years. She has been in the teaching service here ever since the surrender and for a number of years has been teaching in the negro graded schools.

The tobacco market at Apex has just opened for the season. The initial sale was on Thursday when there were 30,000 pounds sold for very satisfactory prices. The average was something over ten cents per pound.

GOV. KITCHIN AND MAJ. STEDMAN AT SPRAY MONDAY.

A number of local Democrats will go to Spray Monday to attend the Labor Day celebration and hear the addresses by Gov. W. W. Kitchin and Maj. C. M. Stedman. These will be the first campaign speeches in the district and the Rockingham Democrats are arranging for a gala occasion. Private conveyances will carry the Greensboro delegation from Reidsville to Spray and return.

THE TEACHERS ENTERTAINED

Enjoyable Occasion At Smith Memorial Building Friday Night.

Friday evening at the Smith Memorial building the City Board of Education was the host at an enjoyable reception given the teachers of the city schools, Superintendent Mann and former Superintendent Swift. The wives of the members of the board assisted in the receiving.

The guests were ushered into the reception hall where Miss Frances Long and Miss Vanstory served punch.

When all had arrived the guests repaired to the main hall and Mr. C. H. Ireland, chairman of the board, presided. Each member of the board was called on for a short talk, following which there were talks by Supt. Mann, Mr. A. H. King and former Superintendent Swift.

The object of the reception was to give the teachers an opportunity to meet the board and the board an opportunity to meet the teachers. An hour was spent in social intercourse and everyone was made to feel perfectly at home. The party dispersed, each one feeling that the object of the reception had been attained.

JOHN ROBINSON COMING.

The Children Enjoy It and the Old Folks Find Some Excuse For Seeing It.

"Yes, the children wanted to come, and after much persuasion I consented to bring them."

How often has every American heard this remark in the menagerie tent of the circus? Sometimes the speaker was perhaps a crusty old bachelor, who has escorted his little nephews and nieces to see the wild beasts of the jungle. Again, it was the proud parent, whose face beamed with paternal or maternal love, as the case might be, while watching the antics of the future congressmen or future stately matrons of society, as they beheld the swaying, ponderous form of the elephants. Of course, the old folks care not for the menagerie. Far be it from the average man or woman to admit that he or she cares to tread the tanbark or sawdust and watch wild animals parading up and down their cages. This form of entertainment does not appeal to the adult. That is why many who are not blessed with children go to the circus. They want to see the show in order to tell the neighbors' children about it, or write to some little ones in another part of the country in order to delight the sunshine of some household. No, the old folks do not care for the bareback riders, the clowns and the hundred and one attractions of a three-ring circus. Still they go every time that they have a chance, and usually they remain when the announcement is made: "You can now secure your tickets for the grand concert as our gentlemanly agents pass among you." One American circus has just completed a five years' tour of Europe and the continent. Kings, emperors, dukes, lords, duchesses and queens drank red lemonade, and those of royal birth, who had not little ones, went simply to enjoy the antics of the children of others.

The John Robinson Shows regard the attention and care given to ladies and children as the first consideration. The circus is distinctly American. Side show wonders never run out. One freak follows another, and there is always some extraordinary feature in the annex to interest every one.

The Big shows will be here Monday, September 12.

Teams Play Tie Game.

The Stars and North Greensboro baseball teams played a tie game yesterday, the game being called in the ninth inning on account of darkness. The score was 4 to 4. Battery for North Greensboro, Purgason and Costner; for Stars Ingold and Purgason. The feature of the game was the fielding of Goodman and Pike.

Mr. Merton Hinkle has returned from a trip to Arkansas.

GREENSBORO TO PLAY PROXIMITY

Tail Enders and Strong Mill Team To Meet At Cone Park Tomorrow Afternoon At Four Thirty—Good Game Is Promised All Who Attend—Winston Took Final Game of Season Yesterday Afternoon.

The members of the Greensboro ball team, the tail enders in the Pennant race, will play the strong Proximity team at Cone park tomorrow afternoon at 4:30 o'clock. The mill team will put up a stiff fight and unless the leaguers are wary they will meet defeat.

The admission will be 25 cents and a large crowd is expected. Mr. L. J. Brandt, who umpired in Winston yesterday, will in all probability hold the indicator tomorrow.

Yesterday's Game.

A large crowd at Winston yesterday afternoon saw the final league game of the Carolina Association, the Twins defeating Greensboro by the easy score of five to two. Swindell was simply too much and he made enough hits to score more runs than Greensboro made. Houser was pounded all over the lot, 12 hits being registered. Greensboro's players were switched around so the lineup was hardly recognizable. The box score tells the story:

OFFICER HAS TUSSLE WITH DESPERATE NEGRO

Leroy Clendenin Arrested Yesterday Afternoon by Policeman Causey.

Policeman Causey yesterday afternoon arrested LeRoy Clendenin, a negro of desperate character who has been dodging the officers for several weeks. The negro is now in the calaboose awaiting trial for a number of offenses.

Policeman Causey found Clendenin yesterday afternoon in a house on Doggett's row and summoned aid, meanwhile putting the negro under arrest, or rather trying to. For half an hour the two had it, first one being on top and then the other. Causey held on with bull-dog tenacity and another negro came to his aid. Policeman McFarland soon appeared and with an officer on each side the burly negro was marched to headquarters.

It is believed that Clendenin is the negro who has been doing a good deal of the promiscuous storebreaking around the city recently and the officers have convicting evidence in two or more cases.

On Friday night the store of the Patterson Company, wholesale grocers, was entered and a number of stamps taken. Nothing else was missed. The residence of Mr. D. H. Wilcox, East Washington street, was entered also and a number of articles were misplaced and strewn around on the floors. Mr. and Mrs. Wilcox are out of the city and there is no way of telling whether anything was taken. It is believed that Clendenin is the guilty party.

Mrs. N. C. Weatherly Will Do a Strictly Cash Business.

After September 15, Mrs. Weatherly will discontinue the credit business and sell strictly for cash on delivery. This step will be of mutual benefit, for it is evident, that if no money is put out for stationery, postage, collectors per cent and no lost accounts, she can sell goods much less than any house running on the credit system. Her goods will be marked for cash and sold for cash only. Mrs. Weatherly wishes to take the opportunity to thank the ladies for their liberal patronage and solicit a continuance of the same under the new cash system.

FIRST CITIES OF WORLD

New York and London Will Each Count More Than 11,000,000 People in 1936.

New York Times.

A majority of the New Yorkers of the present day will probably live to see their city outstrip London and become the first city of the world in population. About January 1, 1933, New York may be expected to number 10,000,000, but London will still be 700,000 or 800,000 ahead. However, a little more than 25 years hence, at the present respective rates of increase, London and New York will each contain about 11,200,000 inhabitants. Annexation of suburbs will probably increase the size of both cities beyond these figures, but in 1935 or 1936 New York should become the larger city, and in 1940 will probably surpass London by many hundreds of thousands. The probable growth of the two cities, at the annual ratio of 3.8 per cent. for New York and 1.6 per cent. for London, is shown in the folloing table:

	New York.	London.
1910	4,766,883	7,500,000
1920	6,580,000	8,750,000
1930	9,080,000	10,210,000
1936	11,200,000	11,200,000
1940	12,700,000	11,910,000

A census is taken in the United Kingdom once every 10 years, the last having been taken in 1910, but from time to time estimates are made by the Registrar General, based on carefully compiled statistics, and last year the population of what is known as "Greater London" was estimated at 7,429,740.

The figures in regard to the population of London need a good deal of explanation. The city and its suburbs make so enormous an area and the system of local government in the metropolitan districts is so complicated that the word "London' is virtually meaningless unless it is accompanied by some term indicating what particular "London" is meant. The old "City"—the small district presided over by the Lord Mayor—conists of only 678 acres, and in 1901 had a population of 27,684. Then there is the County of London, the population of which in 1901 was 5,536,541, while in the same year the census of the combined metropolitan and city police districts showed that 6,581,372 persons were living within that area. This is the region known as "Greater London."

Greater London comprises Registration London and the "Outer Ring". It covers an area of 693 square miles and includes the territory within a radius of about 14 miles from Trafalgar Square, the County of London, the whole of Middlesex, and parts of Surrey, Kent, Essex and Hertfordshire.

Don't Break Down.

Severe strains on the vital organs, like strains on machinery, cause breakdowns. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run-down, or under strain of any kind, take Electric Bitters the matchless, tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c at Fariss-Klutz Drug Co.

Immediate Answer Required.

would have been about as welcome to A. Copoer, of Oswego, N. Y., as a merciless lung-racking cough that defied all remedies for years. "It has most trouble some at night,' he writes, "nothing helped me till I used Dr. King's New Discovery which cured me completely. I never cough at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs, lagrippe, asthma, hemorrhage, croup, whooping cough, or hayfever. It relieves quickly and never fails to satisfy. MINISTERS' SALARIES AVERAGE $633 A YEAR

Highest Stipend Ever Offered in New York Was $18,000 a Year.

The average salary paid to ministers in the United States is $633 a year, according to a bulletin that the government has just issued. This conclusion is reached from figures for the year 1906. There were then 164,830 Christian ministers in the United States, and 1,084 Jewish rabbis. They increase in number at the rate of nearly 4,000 a year. The total salary paid to ministers in 1906 was $89,667,587. More than half the Christian ministers are included in the Baptist and the Methodist denominations.

There are a number of ministers in New York who receive over $5,000 a year. The highest salary ever offered to a minister in New York was $18,000 a year. It was offered by the Fifth Avenue Presbyterian church and he declined it. Several ministers in New York receive $15,000 a year and a dozen or more $12,000 a year. These are the highest salaries for ministers in the world.

London and Berlin averages are hardly more than $3,000 a year. That is, a London minister who gets $3,000 is near the top. In New York he is near the bottom.

The government shows the average salaries of ministers in cities having 300,000 population and over to be: Baptist, $1,793; Congregational, $1,938; Methodist, $1,642; Presbyterian, $2,450; Protestant Episcopal, $1,873; Reformed, $1,938; Roman Catholic, $684, and Jewish, $1,491.

In the smaller cities and rural districts, ministers' salaries run away down. Baptists in the south average $334, and colored Baptists in the south $227. On the other hand, bodies that are strongest in the cities, like the Unitarian, the Protestant Episcopal, and the Roman Catholic, the averages stay about the same.

For example, Unitarians receive the highest average salaries of all, their figure being $1,653. The Protestant Episcopal ranges down from $1,873 to $1,517 the Roman Catholic does not fall off at all, the rural districts ranging higher than the average, at $724.

The average salaries of Christian Science readers is only $234 for the whole country, with $958 as the average in cities having 300,000 population or more. The government explains this curious fact as that readers are practitioners as a rule and are expected to earn their own support.

In actual money, Methodist ministers get most of all, their salaries amounting annually to $16,150,00. Baptists receive $10,323,000. Presbyterians $7,610,000, Roman Catholics $6,779,000, Episcopalians $4,887,000, Congregationalists $4,154,000, Reformed $1,682,000, and Jews $801,000. Not all bodies reported, so these figures, in practically every instance, ought to be increased by one-fifth for 1908, and another fifth for the present year. It is estimated on the basis of these reports that 1910 $100,000,000 will be paid in salaries, and that congregational expenses, missions, and extensions will involve $300,000,000 more.

SOUTHERN GIRLS INSULTED

Find New York's Parks Unsafe Alone At Night.

New York Times.

There is something else the matter with our parks besides a threadbare sward and a general air of being poorly cared for. Two Southern girls, here in connection with the summer course at Columbia, have recently had experiences with habitual "mashers" and oglers in Riverside Park, which should need but to be related to spur the Police and Park departments to utmost efforts in ridding the parks of such youths.

In the part of the South from which they came young persons use the city parks freely on summer evenings without escorts and without fear of insult or annoyance. The parks in the residential sections of their city are crowded until early bedtime. The people talk, laugh, listen to concerts or stroll as they will. There is no such thing as disgusting "spooning" in public view, and girls without escorts being approached by men is unheard of.

The Southern girls, here for the first time, expected to enjoy Riverside Park, with its compelling half-light views of the Hudson, to the utmost. The first evening they went there, a block or so from their home, they were quickly approached by young men whom they had never seen, and asked, without excuse or apology of any sort, if they would go with them to a nearby amusement place. The girls turned away, fearing even to reply lest they be trapped into conversation or discussion.

A second effort to see the park and river by twilight was made. They and two other girls with them were approached and spoken to by men almost at once, and ogled until all were forced to leave the park. They spoke of it on their return, and were told by those older than themselves that no group of girls would be free from insult in New York parks after sunset. As they were strangers here, there were few or no escorts to be had, and thereafter they saw the park by daylight only, spending their evenings for the most part in their apartment.

A Reliable Medicine—NOT A NARCOTIC

Mrs. F. Marti, St. Joe, Mich., says Foley's Honey and Tar saved her little boy's life. She writes: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar has many times saved us much trouble and we are never without it in the house." THE PHYSICIAN IN TURKEY.

Changing Customs in Harem Make His Work Much Easier.

Constantinople Letter to the London Globe.

The attitude of the harem to medical practitioners has changed much of recent years. Twenty or 30 years ago no Turkish woman would ever have submitted to physical examination by a doctor. All he could have persuaded her to do would have been to show him her tongue through a rent in the yashmak, or let him touch her pulse from behind a heavy curtain and in the presence, of course, of an argus-eyed eunuch, or old female slave.

Any attempt to apply a stethoscope to the chest would have been spurned as an impertinent presumption of Western "barbarism." No matter how severe the illness, the medical man could not go beyond certain strict limits of Islamite usage and traditional custom. Even in cases of imminent danger to life these scanty limits were never allowed to be overstepped, and the belief in the incantations of a priest and the house remedies of old, ignorant and superstitious women, held unlimited sway and was always greater than the faith in the efficacy of medical skill and science.

This is now changing, and changing rapidly. There are, of course, still many exceptions where antiquated views and conceptions are fanatically adhered to and practiced, but these become rarer with each advancing year. Many Turkish women will now, when ill, voluntarily call on a medical practitioner.

It Saved His Leg.

Practical Conclusion.

"He pays me a great deal of deference," admitted the girl's father.

"Yet you seem dissatisfied."

"Yes; I'm afraid he won't be able to pay any board."—Louisville Courier-Journal.

A LINEN SHOWER.

Mrs. Dorian H. Blair Entertains in Honor of Miss Saza Peck.

Mrs. Dorian H. Blair gave a linen shower yesterday afternoon from four to six o'clock at her home, 439 Walker avenue, in honor of Miss Saza Peck, who on September 15 is to become the bride of Mr. Robert N. Wilson, of Durham.

The residence had been decorated for the occasion and presented a beautiful scene. Some thirty guests were present and the occasion was a most enjoyable one.

Miss Anpa Williams and Miss Frances Fry presided at the punch bowl.

The guests were met at the door by little Miss Catherine Klingman, who was dressed to represent the Queen of Hearts. Master Charles Thompson, daintily attired, was also stationed by the door and relieved the guests of their gifts as they entered. In the drawing room Mrs. Blair and the honoree, Miss Peck, received the guests, assisted by Mrs. Cleveland, Mrs. Blair's mother.

When the guests had assembled little Miss Klingman appeared in the doorway and recited an original poem by way of introducing Masters Clarence Blair and Howard Thornton, who were dressed in white with high caps, representing Imps. Each carried on his shoulder a heart-shaped case, which he deposited at the feet of the honoree. When the lids were removed from the cases numerous articles of linen were revealed, the gifts of the friends of the bride-to-be.

Then followed a Heart game. Numerous Proverbs had been mixed somewhat and the game was to recompose the different verses. Mrs. H. L. Fry won the prize for being the most successful participant in the game.

During the afternoon the honoree was presented with a bride's book in which the guests had registered and each guest was given a heart as a souvenir of the afternoon.
